

LUCAS OIL PRODUCTS, INC. PRODUCT DATA SHEET

NON-CHLORINATED BRAKE PARTS CLEANER

Lucas Oil Non-Chlorinated Brake Parts Cleaner is formulated with premium solvents providing outstanding cleaning and degreasing performance without leaving any residue. Lucas Oil Non-Chlorinated Brake Parts Cleaner is 50-state compliant for VOC content (<10% VOC). It effectively removes brake fluid, grease, brake dust, and other contaminants from brake linings, pads, cylinders, springs, and drums on all ABS, disc, and drum brakes. This product quiets noise and reduces brake slip associated with excessive brake dust.

To remove brake fluid, grease, dust, and other contaminants, spray liberally onto areas to be cleaned. Use in well ventilated area and wear safety glasses. Protect rubber, painted surfaces and plastic from overspray.

PART NUMBER AND SIZE:

10906 - 14 Ounce (10% VOC Limit, Case of 12)

FEATURES AND BENEFITS:

- High quality solvents to provide maximum cleaning performance.
- Effectively removes brake fluid, grease and dust.
- For use on all ABS, disc, and drum brakes.
- Quiets noise and reduces slip associated with excessive brake dust.

MAIN APPLICATIONS:

Lucas Non-Chlorinated Brake Parts Cleaner is suitable for use on all brake parts, whether disc or drum brakes. May also be used to clean other automotive parts, such as nuts and bolts prior to lubrication and installation. Avoid plastic parts and painted surfaces since the powerful solvents in Lucas Non-Chlorinated Brake Parts Cleaner may be too harsh for such materials.
