

LUCAS OIL PRODUCTS, INC. PRODUCT DATA SHEET

CONTACT CLEANER

Lucas Oil Contact Cleaner is a unique formulated blend of solvents and cleaning agents designed to remove oil, dirt, and moisture from contact points in small electrical equipment, controls, ignition systems, motors, relays, and thermostats. This non-chlorinated, CFC free, VOC compliant formula dries quickly and leaves no residue, ensuring electrical contacts stay corrosion free and clean.

Lucas Oil Contact Cleaner is compatible with metals, and elastomers. It is especially effective in motorcycle applications to clean electrical parts that have been exposed to high levels of oil, dirt, and debris. Avoid overspray on plastic parts and painted surfaces since the powerful solvents may discolor or degrade plastic parts.

PART NUMBER AND SIZE:

10799 - 14 Ounce (Case of 12)

FEATURES AND BENEFITS:

- Superior cleaning and drying formula
- 50-state VOC Compliance

MAIN APPLICATIONS:

Lucas Oil Contact Cleaner is suitable for the removal of oil, dirt, and debris from electrical contacts or other contacting surfaces that need to be clean. Use caution when applying near plastic. Compatible with all metals and rubber seals.
